

## Objectives

SWEP will ensure that every aspect of our activities is conducted in accordance with sound quality and environmental practices:

- Design systems and processes with priority to product quality.
- Act and operate with focus to output quality and customer satisfaction.
- Achieve stretched goals through the relentless pursuit of continual improvement in all we do.
- Operate in a working environment dedicated to employee involvement and teamwork.
- Develop and promote BPHEs that enable best sustainable system design.
- Act and operate with a mindset to minimize the environmental impact.
- Ensure all waste and effluent is disposed in a safe and responsible manner.
- Develop and invest in processes that improve energy efficiency and/or reduce negative impact on the environment.
- Comply with environmental and other applicable legislation.
- Never compromise customer or co-worker safety.

We are committed to the highest levels of integrity in quality and environmental issues in the context of our business among its staff, suppliers, customers and local communities. Our collective task is to continuously reduce, prevent and mitigate harmful impact on the environment resulting from our total global activities.

Ulrika Nordqvist
